

Reliable Printing Solution since 1984

3" High Performance Wifi Thermal Printer

PP-8800

The PP-8800 showcases high reliability for harsh and busy applications.

The PP-8800 is a high performance model with printing speed up to 220 mm per second. As a receipt and information printer, its speedy printing satisfies crowded check-out line and promotional activities in the peak hours. Optional spill-resistant top cover displays thoughtful design for retailers to run their business smoothly even in the harsh environments like pub, bar, etc. Additionally, the PP-8800 features easy paper replacement and flexible deployment in the wall-mount design.

PP-8800

- 3" high-speed thermal printer with auto and additional manual cutters.
- Detailed curvy surface in a stylish design.
- External cover for spill-resistant design(optional).
